Mastermind

Instructions:

1. Find a partner. Player One will choose a number and give Player Two a range of numbers to choose from (i.e. 0 to 1,000 or 100 to 2,000).
2. Player Two will guess a number. Player One will use the right columns on the chart below to write down Player Two's guess, how many digits Player Two got correct and how many numbers are the correct number AND in the correct place value.
3. Once Player Two has guessed the correct number, they will pick a number and Player One will begin guessing.

Game 1:

Guess	Number of Correct Numbers	Number of correct numbers in correct place value

Game 2:

Guess	Number of Correct Numbers	Number of correct numbers in correct place value
